Mel -- can you take the lead with preparing the response regarding the DOE report and any information we may have on this work. Please include a brief summary of the work done on the sites referred by DOH

Eric D -- can you provide a summary of the ongoing removal actions to Mel to include.

Thanks

Angela:

As discussed the above letter from Senator Schumer was assigned by HQ to the region for response.

Could you please have ERRD prepare a short draft response. I think we have a pretty good story to tell here with the removal work we are currently involved with.

After PAD receives an electronic draft from ERRD we will quickly review and send a clean draft into the front office for review.

After getting the RA's comments PAD will run off the final signature package.

Thanks
